What is the Local Offer?

The Local Offer gives information about statutory services available to support 0-25 year olds with SEN and/ or a disability and their families within Blackpool. It will help you find the services that best meet your needs. You will be able to search by need, an age range or by the type of service you are looking for.

The Local Offer includes useful information and links about:

- The policies and processes for Special Educational Needs and/or Disabilities in Blackpool
- Education Health and Care Plans
- Local council policies e.g. School Transport
- Local Health provision
- Local charities or services which might be able to help
- Local inclusive activities and events

However the site is much more than a list of services. It is a way of you telling us what services would best meet the needs of people in Blackpool aged 0-25 with SEN and/or a disability and their families.

What if we want something not listed on the site?
